Special Flood Hazard Area Development Permit Application

Application is hereby made for a DEVELOPMENT PERMIT as required by the Flood Damage Prevention Ordinance (Resolution) No. of the Village of Versailles for development in an identified flood hazard area. All activities shall be completed in accordance with the requirements of said ordinance. The development to be performed is described below and in attachments hereto. The applicant understands and agrees that: The permit applied for, if granted, is issued on the conditions and facts described herein; Any permit issued may be repealed if any conditions or facts change; If issued, the permit shall be considered void if the described activity has not begun within six months of the issuance date; The permit will remain valid for one year from date of issuance. Owner's Name: Phone: () Phone: (____) _____ **Description of Work** Location of proposed development site - address: _____ 1. Legal description: Kind of development proposed: New Building _____ Manufact. Home Install _____ 2. Non-Residential _____ Manufact. Home Park _____ Alteration to Existing Structure _____ Building Addition _____ Accessory Structure _____ Filling ____ Mining ____ Dredging ____ Watercourse Alteration _____ Other ____ (Describe: _____) Residential ____ Single Lot ____ If the proposed construction is an alteration, addition, or improvement to an existing structure, indicate 3. the cost of proposed construction \$ What is the estimated market value of the existing structure? \$ Note: An existing structure must comply with the flood protection standards if it is substantially improved (an improvement equal to or greater than 50% of the market value of the structure). Does proposed development involve a subdivision or other development containing at least 50 lots or 5 4. acres (whichever is less)? Yes No Note: If yes, base flood elevation data is required from applicant if it has not been provided by FEMA. I AGREE THAT ALL STATEMENTS IN AND ATTACHMENTS TO THIS APPLICATION ARE A TRUE DESCRIPTION OF THE EXISTING PROPERTY AND THE PROPOSED DEVELOPMENT ACTIVITY. UNDERSTAND THE DEVELOPMENT REQUIREMENTS FOR SPECIAL FLOOD HAZARD AREA ACTIVITIES PER THE APPROPRIATE ORDINANCE (RESOLUTION) AND AGREE TO ABIDE THERETO. Applicant's Signature

Administrative

Date _	Administrator's Signature
12.	The proposed development is <u>exempt</u> from the flood plain standards per Section of the Flood Damage Prevention Ordinance (Resolution) No
	Note: All structures must be built with the lowest floor, including the basement, elevated or flood-proofed to or above the base flood elevation (100-year) unless a variance has been granted.
	PERMIT DENIED on Reason:
11.	The proposed development is <u>not</u> in compliance with applicable flood plain standards.
	PERMIT ISSUED on
10.	The proposed development is in compliance with applicable flood plain standards.
	Note: Certificates of a registered engineer or land surveyor documenting these elevations are necessary if elevations are provided by applicant.
9.	The certified as-built flood-proofed elevation of the structure is feet m.s.l. *
8.	The certified as-built elevation of the structure's lowest floor is feet m.s.l. *
	Note: An applicant receiving a variance to build a structure with a lowest floor elevation below the base flood (100-year) elevation is hereby notified that the reduced flood elevation will increase the risk of flooding and that the cost of flood insurance will be commensurate with the increased risk.
	Data SourceMap Effective Date
7.	Base Flood Elevation (100-year) at proposed sitefeet m.s.l.
	Other: Describe
	Installation of manufactured home - anchored and elevated.
	Note: This option is for nonresidential development only.
	Flood-proofing in accordance with ordinance criteria.
	Fill added to construction site. Top of fill elevation must be feet m.s.l.
6.	Structure will be flood protected by the following method:
	Note: If yes, a technical analysis is required with the application to show no increase in base flood elevation.
5.	Is proposed development located in an identified floodway? YesNo
	Note: The following is to be completed by the local flood plain administrator. All references to elevations are in feet mean sea level (m.s.l.).
